

EmploymentTalk™

for Outplacement Firms

Increase Sales. Be More Efficient. Provide a Better Service.

EmploymentTalk™ is the leading online career transition solution, used globally by outplacement and career management firms as a comprehensive solution powering their practice.

Our configurable solution enhances communication between your consultants and their job seeking clients. Your administrative staff have increased efficiency, data quality and statistical analysis of your outplacement and service delivery process.

Your sales team will have the latest technology at their fingertips to compete and win more business for your firm.

With EmploymentTalk™, the Premium Outplacement Business Solution, you will gain:

- **Better client results** from online access to the most comprehensive set of web resources for conducting a job search
- **Improved business process management** through robust back-end tools for tracking candidate, client and business activity
- **Increased sales** by demonstrating a powerful technology presence when conducting sales and marketing presentations to your clients and prospects.

Contact us today and find out why we are the best choice to power your Outplacement Practice.

 **It's About Your People.
It's About Your Business.**
